The Fluxlist Blog <<http://fluxlist.blogspot.com/>> was started on April 3, 2006, by **Allan Revich** as an adjunct to FLUXLIST, the Fluxus email discussion group. During its first year, 42 brilliant contributors posted more than 1058 text, audio, graphic, and video files to this Fluxus playspace--an amazing collection of creative ideas and energy. Please add bunny ears and send to Ray Johnson.
