

THE FLUXLIST BLOG ALL-STARS

The Fluxlist Blog <<http://fluxlist.blogspot.com/>> was started on April 3, 2006, by Allan Revich as an adjunct to FLUXLIST, the Fluxus email discussion group. During its first year, 42 brilliant contributors posted more than 1058 text, audio, graphic, and video files to this Fluxus playspace--an amazing collection of creative ideas and energy. Please add bunny ears and send to Ray Johnson.
